John –

Attached is the Revised July Monthly Progress Report with the “minor” points addressed per your email of 8/22/14 plus certification. This email plus the one sent to you earlier today regarding June’s report should cover all points discussed in your email with the exception of #2 regarding analysis of the results of the residential well sampling from June 9th. This was previously covered in the June RCRA Monthly Progress Report.

Please let me know if there is anything else you need.

Best regards,
